

DR. JODY BARDASH

Dr. Jody Z. Bardash has seen it too often: the patient who timidly avoids his glance, or embarrassingly covers their mouth while talking. A few short weeks later, this cosmetic dentist will see an entirely different person emerge, one brimming over with confidence and flashing the biggest, brightest smile. The graduate of UMDNJ has been in practice with Dental Professionals of Fair Lawn since 1990. After graduation, Dr. Bardash went on to complete a Craniomandibular Dysfunction and General Practice Residency at Hackensack University Medical Center, where he continues to serve as an attending instructor.

This same ability to empathize with his fellow man is demonstrated in Dr. Bardash's dedication to the Health and Humanitarian Aid Foundation. He recently returned from the jungles of Ghana, Africa on a medical mission to treat individuals in dire need of food, medical and dental attention. "I derive a great deal of satisfaction from these annual treks. It makes you realize just how fortunate we are and the technology that is available to us on a daily basis, and how little some people have in the rest of the world," he notes.

The technology he's referring to enables Dental Professionals of Fair Lawn to treat the full spectrum of patient issues, from pediatric dentistry to cosmetic procedures such as porcelain laminate veneers, porcelain crowns, dental bonding and implants, plus both Zoom!® and BriteSmile® teeth whitening.

In addition, the practice addresses Periodontal diseases that attack the gums, ligaments and bone; wisdom teeth extractions; and endodontics. Apprehensive patients can opt for Nitrous Oxide sedation to better realize a rewarding dental experience in a very comfortable and relaxing setting.

The latest technology, such as digital X-rays and Intra-oral cameras, is utilized to achieve optimal results with each patient. Equally important to the comfort and well being of the patients, Dr. Bardash says, is that "the office has a family type atmosphere that immediately puts our patients at ease."

Dr. Bardash has been recognized in the Consumers' Research Council of America's Guide to America's Top Dentists consistently since 2003.

In addition, Dr. Bardash has spent his entire adult life giving back to the community. Dr. Bardash's partners at Dental Professionals are Dr. William M. Scherer, DDS and Dr. George Tsangaroulis, DDS, and Dr. Josh Smilow DMD.
